Fairhaven, CA 95564

**Tel:** 707/443.5688 **Fax:** 707/444.3776  
**Email:** Richard.trygar@ssamarine.com

## Specifications and Services

SSA Marine provides receiving and dock handling services as well as stevedoring to or from vessel. Currently, we have two ocean carriers calling once a month for pulp export to the Pacific Rim. We are also delivering imported New Zealand pulp to local carriers for delivery to Medford, Oregon. Our company is capable of providing equipment and necessary expertise to handle many types of cargo, not only forest products cargo.

**Location:** Eureka is the only deep water port between San Francisco (209 miles to the south) and Coos Bay, Oregon (156 miles north). Fairhaven Terminal is located on the Samoa Peninsula and is approximately 4.9 nautical miles from the sea buoy. Eureka is approximately 5.5 hours drive to either San Francisco or Sacramento.

**Size:** 5 acres

**Water Depth:** 38 feet, mean low

**Berths:** 1

**Total Berthing Length:** 500 feet but can secure vessels up to 700 feet

### Storage:

- 53,000 square feet of pulp storage in main warehouse
